MESSAGE FROM OUR CHIEF OPERATING OFFICER

What a blessing it is to say that we have completed our second year as a nonprofit organization. Our partnerships have grown, our reach has expanded, and our impact has deepened. Our board continues to focus on our goal of supporting Northeast Florida by removing barriers from individuals, families, and organizations that are in desperate need by working with the avenues already in place. As we enter our third year, I know that we will continue to reach even further into the community to provide hope to those that desperately need it. We have been blessed with much, so we will give much. May we always be good Stewards of what we have been entrusted with.

ABOUT THE ORGANIZATION

4Ten Stewardship Foundation Inc. was founded in October of 2024 and is a 501(c)3 non-profit organization in Northeast Florida dedicated to providing aid to families, individuals, churches, and charities who are experiencing a great need, need emergency help, or require some form of necessary assistance by supporting organizations and programs already in place. We are committed to assisting those in need and offering hope and tangible help by living out 1 Peter 4:10.

MISSION

This Organization is established within the meaning of IRS Publication 557 Section 501(c)(3) Organization of the Internal Revenue Code of 1986, as amended (the "Code") or the corresponding section of any future federal tax code. The Organization shall be operated exclusively for assisting other 501(c)3's (nonprofits, charities, churches, etc...) who have recognized some form of hardship or need, that they seek to improve, by issuing grants, donations, or resources to meet those needs within Northeast Florida.

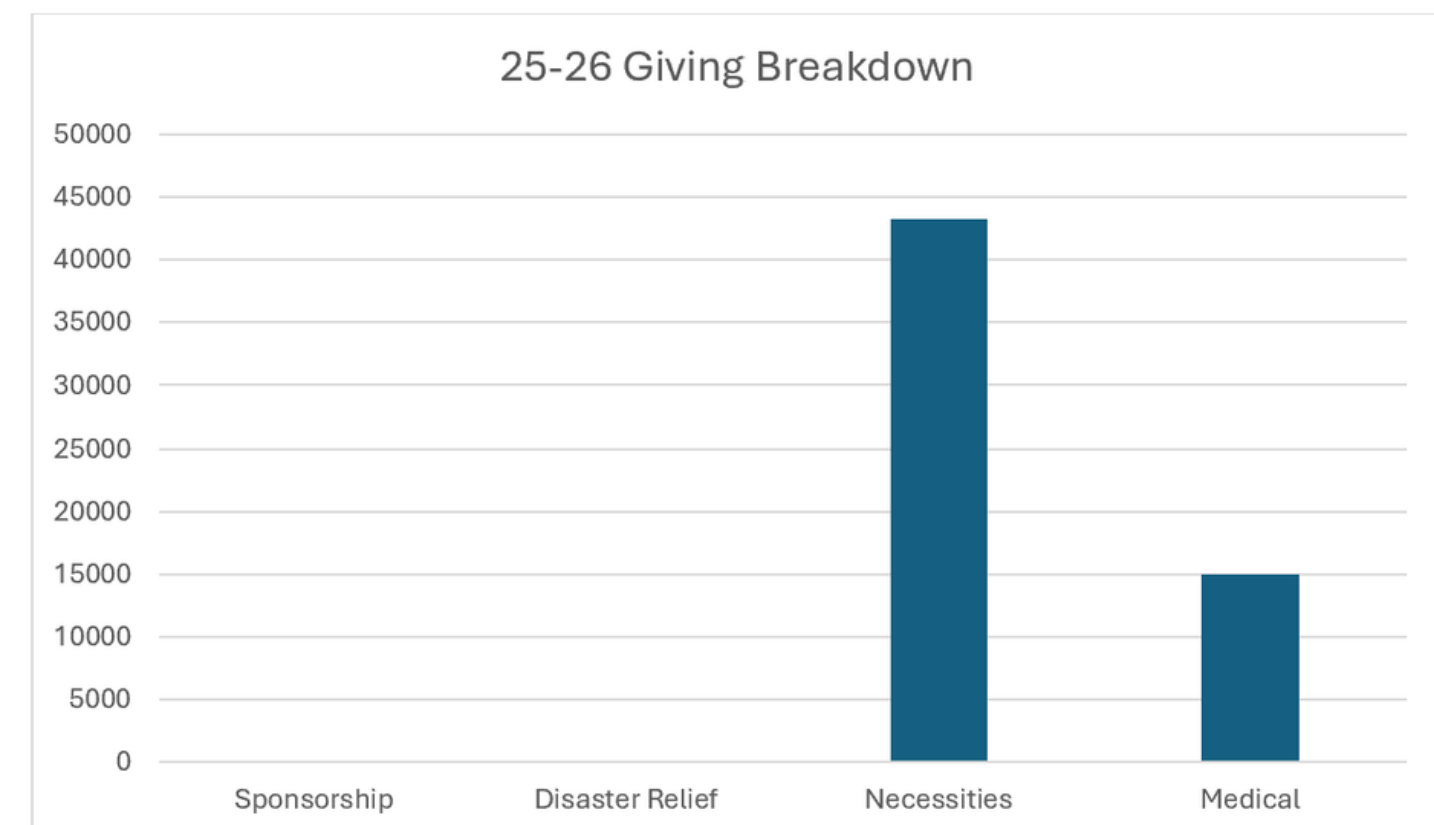

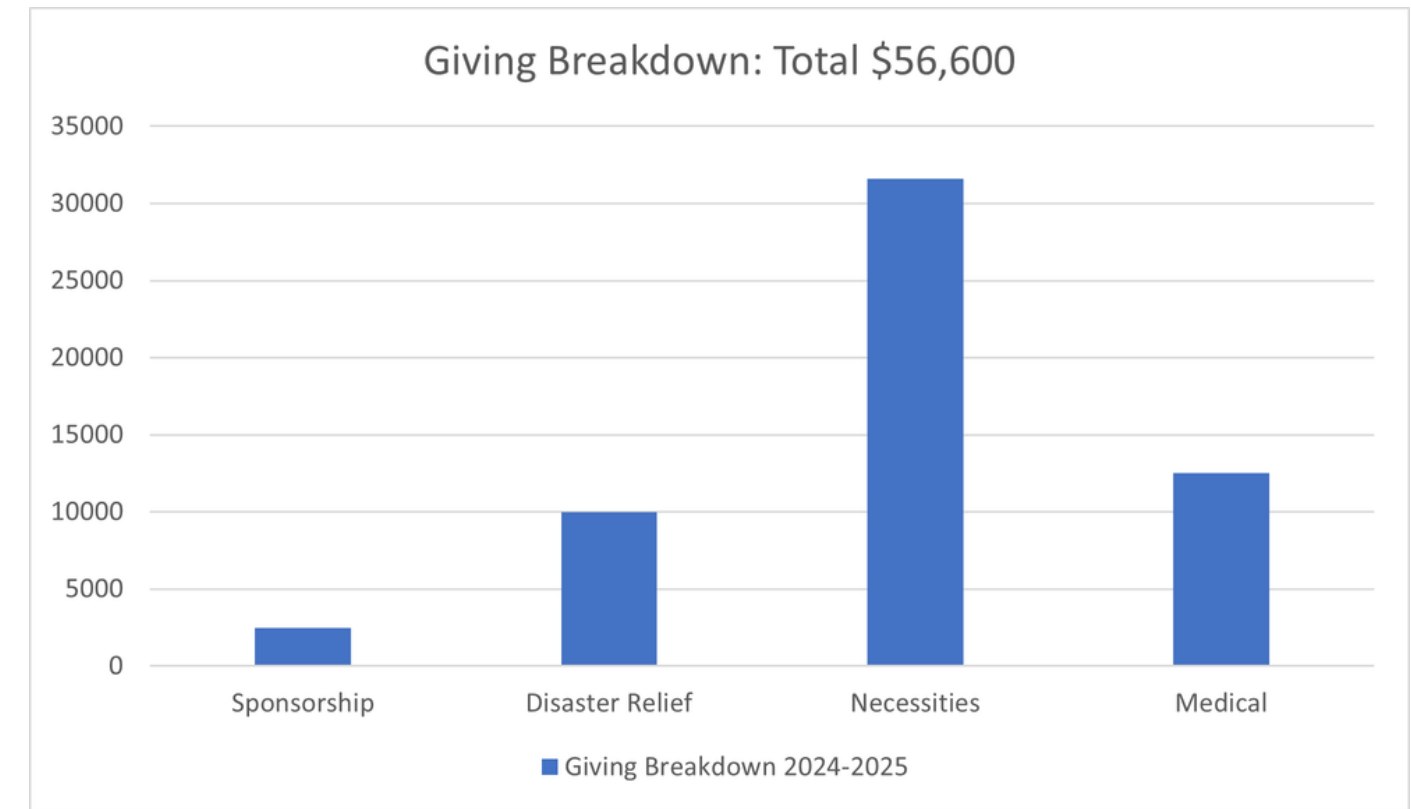

OUR STRATEGIES

- We harness the power of the systems and organizations already in place in Northeast Florida. This includes partnering with churches, non-profit organizations, and various other 501(c)3 entities that are already established or are working towards being established.
 - By working with other 501(c)3's, this empowers us to maximize our impact by spreading our reach, reducing time dedicate to tasks not central to the mission, and positively impacting those entities that are already perfectly placed to reach the needs that arise.

We were able to focus primarily on our main goal of meeting emergency needs through programs and ministries as well as medical assistance programs due to the lack of natural disasters. The top graph shows our 24-25 giving breakdown, and the bottom graph shows our 25-26 giving breakdown. Our physical contributions and service are not represented.

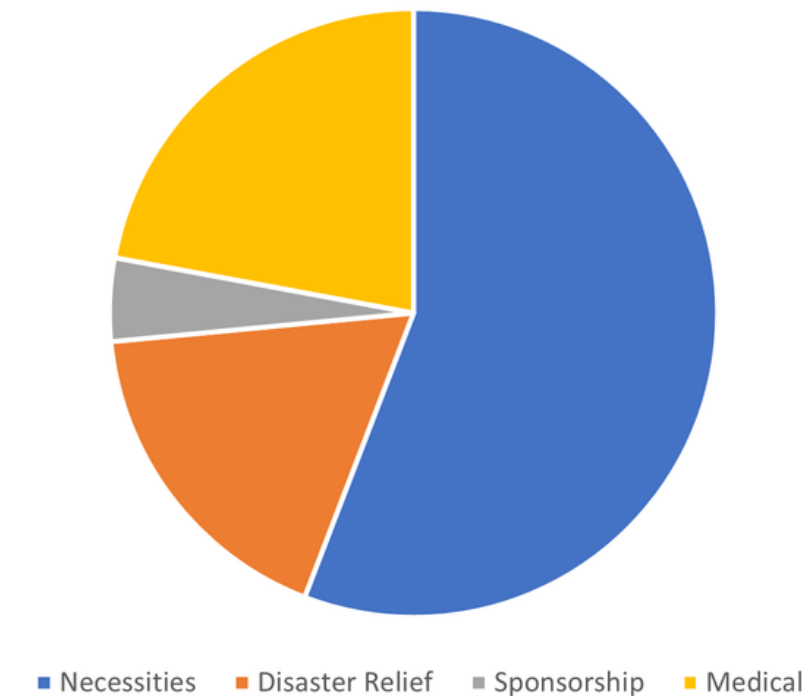

TOTAL GIVING

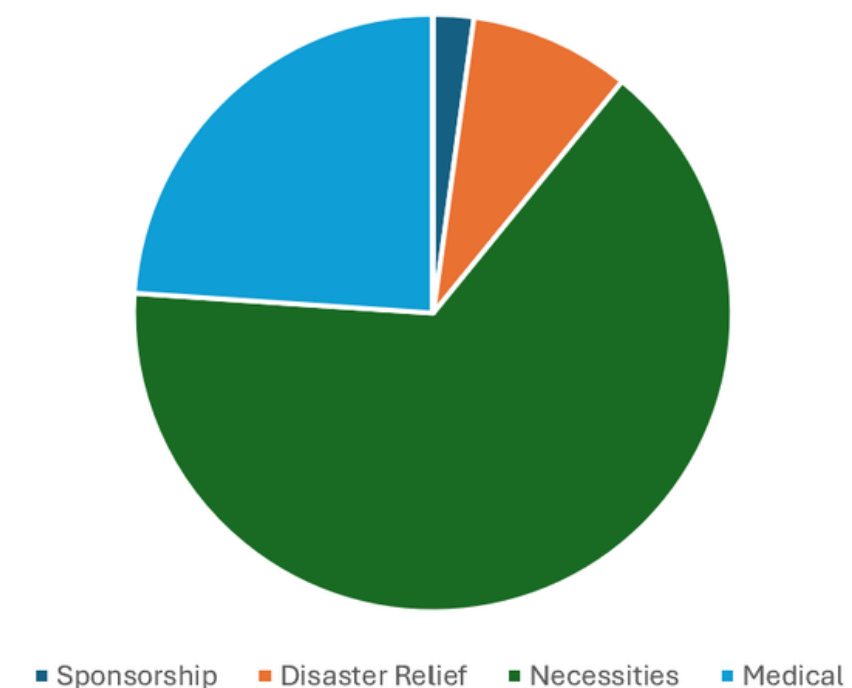

Our total giving through our second fiscal year is **\$114,855**. This is a tremendous start that we are increasing weekly. Our comparative portions are shown in both charts to the right. Where we stood after one year is the top chart. Where we stand now is represented in the bottom chart.
